Alstom TSSSA Material Planning Internship (Midrand) 2024

Description

Location: Johannesburg, GT, ZA

Company: Alstom

The Railway industry today is characterized by both a strong and sustained growth across the world. The trends that drive this are well known: environmental challenges, population growth, urbanization and increasing demands for mobility. With 6B€ of Sales and around 30,000 employees based in over 60 countries, Alstom develop & market the most complete range of systems, equipment and services offered today in the railway sector. Today we offer our customers solutions that feature a seamless blend of diverse technologies, ensuring optimal interfaces, along with flexible implementation and real synergy in innovation.

Qualifications

Gibela Transport Rail invites motivated, dynamic and recently qualified graduates to apply for a 12 months Graduate Programme. The successful candidate will be based in Midrand.

We offer:

12-month Programme that will provide a unique opportunity to gain valuable skills in the world of transport rail manufacturing.

A challenging work environment and an exciting job content working in various teams within the environment.
